

What are Shared Interest Groups?

Harvard Alumni Association (HAA) Shared Interest Groups (SIGs) connect thousands of alumni around the world to each other and to the University through local programming, websites, social media, and a variety of HAA programs. They span the gamut in terms of their “interests,” which range from student activity to identity and from profession to religion. Many of the nearly 40 SIGs hold events during Commencement week to bring together reunions and local alumni, but there are also countless opportunities to get involved all year long!

For more information about HAA SIGs and a full listing of the organizations, please visit <http://www.clubsandsigs.harvard.edu>.

Wednesday, May 24
